

nero 8
ULTRA EDITION

With Nero 7 Ultra Edition or higher installed, please follow the instructions below to begin burning Audible content to CD's:

Note: Audible recommends using only CD-R type disc's as Re-Writeable discs are not playable in certain compact disc players.

Burning

Step 1. Click on the **Start Menu** and choose **All Programs > Nero > Nero Express**.

Step 2. In the Nero Express main window, select **Music** in the left pane, then **Audiobook CD** in the right pane. (see Figure 1)

Figure 1

Step 3. In the **My Audiobook CD** window, click on **Add** and browse to the location of your Audible content (*default is C:\Documents and Settings\All Users\Documents\Audible\Downloads*), **highlight** the title you wish to burn to CD and click **OK**. (see *Figure 2*)

Note: If the authentication window displays (it should on your first CD burn), please type in your Audible username and password and click OK. (see *Figure 2*)

Figure 2

Step 4. If you wish to burn the **Entire** book, click **Next** in the **My Audiobook CD** window. (see *Figure 3*)

Alternatively, if you wish to burn specific disc(s) of this book, simply uncheck any disc(s) that you do not wish to burn and then click **Next**. (see *Figure 3*)

Figure 3

Step 5. In the **Final Burn Settings** verify that the **Current Recorder**, **Title**, and **Artist** display your desired setting, and click **Burn**. (see Figure 4)

Options

Changing Burn Speed

You can change how fast the Nero software burns your content to CDs. This feature is useful for a few reasons. If you are pressed for time, you can increase the burn speed, to make it go quicker. If, however, you have the time, you can lower the burn speed. Generally speaking, the slower your burn speed, the less likely errors can occur.

To change your burn speed:

Step 1. After following the **Burning** steps outlined above, before performing **Burning - Step 5**, click the tiny black arrow on the left side of the **Final Burn Settings** page. (see *Figure 5*)

Figure 5

Step 2. From the first drop down menu, you can choose the write speed that best fits your needs.

Printing CD Labels

Step 1. After following the **Burning** steps outlined above, once the burning is complete, in the Nero Express window, click on Next.

Step 2. Select **Cover Designer** in the next window.

Step 3. Select **Audible audiobook** in the right pane of the *New document* window and click **OK**.

Step 4. Click *Yes* when prompted (The Cover Designer will now display all labels specifically created for your titles. You can alter them or print them out as is.)
